1. 27501 Bella Vista Parkway / Daniel Marta / OKW Architects

Located on the southwest corner of Bella Vista Parkway and Mill Street

Project No. PUD-2022-1016 (*continued from 1/19/23*)

Chairman Cosgrove stated that the owner has submitted an appeal to withdraw their application and will not be moving forward with their development at this time. Per the property owner and OKW Architects they had concerns about the updated architectural façade renderings, which would add more cost to the project and made it not feasible for them to continue with their application.

D. NEW BUSINESS

1. 3 Mignin Drive - 3S346 Mignin Drive/City of Warrenville Public Works Department

Project No. LDIV-2023-0001

City of Warrenville Public Works Management Analyst Kristen Youngmeyer presented to the Plan Commission their minor resubdivision proposal. Mrs. Youngmeyer stated that Harding Field is located just south of the Public Works building. Mrs. Youngmeyer reported that back in 2000, the City entered into an agreement with the Park District to lease and use a portion of this City property for park uses. At the time, the Park District needed a specific amount of land to be included in the lease, to qualify for certain grants, which included the Public Works detention pond. The case or

need for a specific amount of land is not needed today and the lease period is at its end. Mrs. Youngmeyer mentioned that it has been the City's intent to give the Park District a portion of this land that is Harding Field at the end of the lease, but that did not include anything that the City should continue to own, such as the Public Works detention pond. Mrs. Youngmeyer stated that to start the transfer process, the lot line between the Public Works property and Harding Field was redrawn, and the final plat of resubdivision is included with the application. Mrs. Youngmeyer showed that Lot 1 includes the Public Works building, pavement, wetlands, and stormwater detention ponds and Lot 2 includes Harding Field and the path that runs through the Harding Field lot, connecting the Illinois Prairie Path and the public sidewalk on Warrenville Road. Based on this they are asking for this minor resubdivision. At this time she opened the floor to any questions that the Plan Commission and Zoning Board of Appeals may have.

No questions were asked by the Plan Commission and Zoning Board of Appeals.

COMMISSIONER SCHULTZ MADE A MOTION TO RECOMMEND APPROVAL OF THE FINAL PLAT OF SUBDIVISION OF WARRENVILLE PUBLIC WORKS RESUBDIVISION NO. 3 AS PREPARED BY ENGINEERING RESOURCES ASSOCIATES, DATED 10/28/22. SECONDED BY COMMISSIONER FAWELL. CHAIRMAN COSGROVE ASKED FOR A VOICE VOTE. MOTION PASSED UNANIMOUSLY. MOTION CARRIED
